OUR FAMILY... CARING FOR YOUR FAMILY

# Tribune

November 11, 2008 | VOLUME II | EDITION 24

**OUR VISION:** Outstanding care—no exceptions!

*In Flanders fields the poppies blow - Between the crosses, row on row - That mark our place; and in the sky.  
The larks, still bravely singing, fly - Scarce heard amid the guns below -*

**From the Poem "In Flanders Field" by Lt. John McRae**

## WRH Family Campaign—Giving starts from within

Four weeks remain in the WRH Family Campaign. Thanks to all who have participated. Special thanks to all the Ambassadors for helping to make this happen. For more information on getting involved contact Kim Willis-More at ext. 52458.

## Your Health Matters!

Are you at risk? WRH is pleased to introduce "[Your Health Matters](#)" Cancer Prevention—an E Learning Opportunity! If you were unable to attend the Lunch and Learn sessions, you may still participate in this important research via e-learning. Participation is completely optional and confidential and gives you a chance to **win an IPOD, gym membership or personal training session**. The campus with the most participation will also win a stereo system for their gym. Don't miss your chance! Access is available via the Intranet Kiosk for those who do not have access to a PC. For more information, call 72370.

## Parking at Met Campus

With the nice weather coming to an end, we want to take this time to remind staff to take advantage of the free shuttle provided by WRH. The door to door service can be a great protector against the elements!

If you do choose to use street parking, we ask that you are considerate to our neighbors by not blocking driveways or access to property. Please note that at no time is it acceptable or appropriate for staff to park in the Mother's with Babies lot on the east side of the building. This lot is needed on weekdays, evenings and weekends for new parents and those visiting clinics. Security will be monitoring and contacting staff who are parked in the lot.

## PeriOperative Nurses Week

November 9th to 15th is **PeriOperative Nurses Week**. The Canadian Nurses Association reports that there are more certified periOperative registered nurses in Canada, than in any other specialty.

**Did you know? - Lest we forget**

**LENS**, the street on which Met Campus is located is named after the city in France on the Belgium border. It is famous for many battles dating back to the seventeenth century but was no doubt named because it was a WW1 battle site. In fact, all of the east west streets between Tecumseh and Ypres are named after WW1 Battle sites. Ypres for instance is a city in Belgium that was a strategic location in WW 1—the third battle of Ypres is known as the Battle of Passchendaele.

The WRH Tribune is a publication of the Public Affairs Department of Windsor Regional Hospital. Submissions can be made to [gisele\\_sullens@wrh.on.ca](mailto:gisele_sullens@wrh.on.ca) or by calling ext. 52008.

**OUR MISSION:** We provide outstanding care with compassion.
